The Scientific Committee of ISANH and Scientific Committee of ISANH Polyphenols 2012 will held their meeting concerning the next **Seventh Framework Programme** (FP7).

During ISANH Polyphenols 2012, we will discuss a **potential proposal of stakeholders** in the polyphenols area to apply for FP7 project.

For the chairmen, Dr Marvin Edeas and Pr Andreas Schieber, ...*"it will be great to come up with such an initiative at a time when we have all key leaders opinion and colleagues at the same place during two days."*...

If you wish to take in this initiative, a special meeting will be held **during ISANH Polyphenols 2012**,
on June 7, at 16:25.

If you are not registered, please send us all your information related to polyphenols to ISANH Committee.
